PROFESSIONAL SUMMARY

Full Stack Engineer (Backend-Heavy) with ~1 year of hands-on experience through internships building scalable web applications using React.js, Next.js, Node.js and TypeScript. Strong in designing REST APIs, implementing secure JWT-based authentication, and working with Prisma and SQL/NoSQL databases. Experienced in integrating AI-powered features using OpenAI/Gemini APIs and FastAPI. Focused on performance, clean architecture, and scalable systems.

EXPERIENCE

Full Stack Software Engineering Intern

Jan 2026 – Apr 2026

Lawyered

Gurugram, India

- Built and maintained scalable full-stack features in a live production environment using React.js, Next.js, Node.js, and TypeScript, directly improving application performance and user experience.
- Designed and integrated RESTful APIs enabling efficient frontend-backend communication; utilized Prisma ORM for schema management, database migrations, and optimized data access with MySQL.
- Implemented secure authentication systems and contributed to backend services, code quality improvements, and system reliability in collaboration with cross-functional engineering teams.

Junior Software Engineer Intern

Jul 2025 – Oct 2025

Nirjai Technologies Pvt. Ltd.

New Delhi, India

- Developed frontend and backend features using JavaScript, TypeScript, React.js, Node.js, and Angular; built modular UI components and integrated APIs for dynamic, data-driven applications.
- Contributed to debugging, performance optimization, and maintaining code quality; supported API development and ensured smooth backend-frontend communication.

Back End Developer Intern

Dec 2024 – May 2025

Mind Empowered

Kochi, India

- Built RESTful backend services using Node.js, Express.js, and MongoDB; designed and managed database schemas ensuring efficient data handling and application workflow integrity.
- Deployed and supported backend systems on AWS, applying API design best practices and data modeling principles for scalable, production-ready infrastructure.

PROJECTS

FinFetch – AI-Enabled Financial Analysis Platform | *FastAPI, MongoDB, React, Chart.js, Gemini API, JWT*

[GitHub](#)

- Built a full-stack financial platform with real-time stock tracking and an AI chatbot, improving data processing efficiency and user engagement through intelligent workflow automation.
- Implemented secure JWT-based authentication and RESTful backend APIs; designed responsive dashboards to visualize financial data using Chart.js and Google Generative AI integration.

ProjectMgmt – Project Management Backend | *Node.js, Express.js, MongoDB, Mongoose, JWT, Nodemailer*

[GitHub](#)

- Engineered a production-ready REST API backend supporting project, task, subtask, and notes management with modular architecture, input validation, and scalable MongoDB data handling.
- Implemented role-based access control (RBAC) for Admin, Project Admin, and Member roles; built secure JWT auth with refresh tokens, email verification, and password reset flows.

Blogsy – AI-Powered Blog Management System | *React.js, Node.js, Express.js, MongoDB, Gemini API, ImageKit*

[GitHub](#)

- Developed a full-stack MERN admin panel for blog creation and publishing; integrated Gemini API for AI-driven content generation and ImageKit for optimized media upload management.
- Implemented JWT authentication, comment moderation, role-based access control, and optimized REST APIs ensuring system performance and editorial workflow security.

TECHNICAL SKILLS

Backend: Node.js, Express.js, FastAPI, REST APIs, JWT Authentication, Mongoose, Prisma ORM

Frontend: React.js, Next.js, Tailwind CSS, Bootstrap

Databases: PostgreSQL, MongoDB, MySQL

Languages: JavaScript, TypeScript, Java, Python

Tools & DevOps: Git, GitHub, Docker, Postman, Vercel, Render

AI Integration: OpenAI API, Gemini API (LLM-based features, chatbot integration)

EDUCATION

Master of Computer Applications (MCA)

2023 – 2025

Cochin University of Science and Technology

CGPA: 8.04 / 10

Bachelor of Computer Applications (BCA)

2019 – 2022

B. N. Mandal University, Madhepura

Percentage: 82.41%
