Professional Summary

- Full Stack Engineer (Backend-Heavy) with 1 year of hands-on experience through internships building scalable web applications using **React.js**, **Next.js**, **Node.js**, and **TypeScript**. Strong in designing **REST APIs**, implementing secure **JWT-based authentication**, and working with **Prisma** and **SQL/NoSQL databases**. Experienced in integrating **AI-powered features** using **FastAPI** and **OpenAI/Gemini APIs**. Focused on performance, clean architecture, and scalable systems.

Experience

Full Stack Software Engineering Intern

Jan 2026 – April 2026

Lawyered, Gurgaon, Haryana, India

- Built and maintained scalable full-stack features, improving application performance and user experience using **React.js**, **Next.js**, **Node.js**, **JavaScript**, and **TypeScript** in a production environment.
- Designed and integrated **RESTful APIs** to enable efficient frontend-backend communication and application functionality.
- Utilized **Prisma ORM** for efficient database operations, schema management, and optimized data access.
- Contributed to development of features in a live production application used by real users.

Junior Software Engineer Intern

Jul 2025 – Oct 2025

Nirjai Technologies Pvt. Ltd., New Delhi

- Worked on feature development and debugging using **JavaScript/TypeScript**, and **Angular** improving functionality across modules.
- Supported **API integration** and collaborated with the team to ensure smooth backend-frontend communication.
- Wrote clean, maintainable code while gaining exposure to real-world development workflows and best practices.
- Contributed to resolving technical issues and assisted in optimizing overall application performance.

Projects

FinFetch – AI-Enabled Financial Analysis Platform

[Link](#) 

- Built a full-stack financial platform with real-time stock tracking and AI chatbot, improving data processing efficiency and user experience.
- Implemented secure **JWT-based authentication** and backend **REST APIs** to manage user data & application workflows.
- Designed dynamic and responsive dashboards to visualize financial data and improve overall user experience.
- Focused on building scalable backend systems, clean architecture, and real-world production-ready applications.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, Python, FastAPI

ProjectMgmt – Project Management Backend

[Link](#) 

- Built a production-ready backend system with project, task, subtask, and notes management using **Node.js** and **Express.js**.
- Implemented secure **JWT authentication** with refresh tokens, email verification, and password reset workflows.
- Designed **role-based access control (RBAC)** for Admin, Project Admin, and Member using reusable middleware.
- Developed scalable **REST APIs** with validation, modular architecture, and MongoDB for efficient data handling.
- **Tech Stack:** Node.js, Express.js, MongoDB, JWT, Nodemailer

Blogsy – AI-Powered Blog Management System

[Link](#) 

- Built a full-stack admin panel using the MERN stack to create, manage, and publish blog content. Integrated **Gemini API** for AI-driven content generation, **ImageKit** for media uploads, and **Quill.js** for rich text editing.
- Implemented secure **JWT authentication**, comment moderation, role-based access, and optimized REST APIs for improved performance.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Gemini API, ImageKit

Skills

- **Backend:** Node.js, Express.js, REST APIs, JWT Authentication, Prisma ORM, FastAPI
- **Frontend:** React.js, Next.js, Tailwind CSS, Bootstrap
- **Databases:** PostgreSQL, MongoDB, MySQL
- **Languages:** JavaScript, TypeScript, Java, Python
- **Tools & DevOps:** Git, GitHub, Docker, Postman, Vercel, Render
- **AI Integration:** OpenAI API, Gemini API (LLM-based features, chatbot integration)

Education

Master of Computer Applications (MCA) — Cochin University of Science and Technology

2023–2025

- CGPA: 8.04

Bachelor of Computer Applications (BCA) — B. N. Mandal University, Madhepura

2019–2022

- Percentage: 82.41
